

# HEAVY DUTY TRUCK & BUS BATTERIES

**N180 / 195G51 MF**

### Part Information

GB195G51MF-O

### Technical Information

Model	N180 / 195G51 MF
Technology	Starting Ignition
	12V
Nominal Capacity 20Hr	180A
CCA -18 deg C (SAE)	1000
Reserved Capacity @25A	360
JIS Type	195G51
Short time angle of inclination	55 Deg
Permanent angle of inclination	0 Deg
Approx Battery Weight	40.5KG
Terminal	T3
Layout	2
Degassing	Side
Dimension (mm)	506 x 221 x 233

### Technical Data

Application	Conventional Starting Battery
Service	Maintenance-Free
Charging Voltage / Current	14.4V / 18A
Certification	TUV IATF 16949
